## ADTRAN to Present at Raymond James Institutional Investors Conference

2016-03-08

HUNTSVILLE, Ala.--(BUSINESS WIRE)--Mar. 8, 2016-- **ADTRAN®, Inc.**, (NASDAQ: ADTN), a leading provider of next-generation networking solutions, announced today that ADTRAN's Chief Executive Officer and Chairman of the Board, Tom Stanton, and Chief Financial Officer, Roger Shannon, will present at the 37<sup>th</sup> Annual Raymond James Institutional Investors Conference on Wednesday, March 9, 2016. The two executives will provide an update on the company, take a look at the year ahead and discuss industry trends that can impact the market and ADTRAN's business. Details are as follows:

**What:** 37th Annual Raymond James Institutional Investors Conference

**When:** March 9<sup>th</sup>, 2016

**Time:** 10:25am ET

**Where:** JW Marriott Grande Lakes, Orlando

The Raymond James Institutional Investors Conference is one of the largest and most broadly focused conferences for portfolio managers and generalists to learn about investment opportunities. Companies across nine different industries will be present, including those in: Consumer, Energy, Financial Services, Healthcare, Industrial, Mining & Natural Resources, Real Estate, Technology & Communications and Transportation. The three-day conference will feature presentations by senior management teams from approximately 300 companies across North America and Europe, and will give attendees investment insight from both the presenting companies and the industries they operate in.

During the course of their presentation, ADTRAN's representatives expect to make forward-looking statements

which reflect management's best judgment based on factors currently known. However, these statements involve risks and uncertainties including the successful development and market acceptance of core products; the degree of competition in the market for such products; the product and channel mix, component costs, manufacturing efficiencies and other risks detailed in our Annual Report on Form 10-K for the year ended December 31, 2015 . These risks and uncertainties could cause actual results to differ materially from those in the forward-looking statements which may be made during the discussion.
