Visteon Appoints Wei Wei as Managing Director for Visteon China

2021-03-04

SHANGHAI, March 04, 2021 — Visteon Corporation (NASDAQ: VC) today announced Wei Wei is appointed managing director, Visteon China, effective March 1.

Wei leads all aspects of Visteon's business in China and is responsible for driving further growth, reporting directly to Bob Vallance, senior vice president, customer business groups and marketing. He replaces William Lau, who is appointed vice president, product delivery, in China.

Previously, Wei was vice president, Visteon, and general manager, Yanfeng Visteon Automotive Electronics Co., Ltd., a joint venture in China. He has more than 30 years of automotive industry experience, including positions in sales and marketing, strategy planning, manufacturing and program management. Wei began his career at OEMs, later working to develop electrical, electronic and electrification solutions for Tier 1 manufacturers. He had various leadership assignments at multiple global leading Tier 1 suppliers, including positions in sales and marketing and general management.

Today, China is Visteon's fastest-growing market. The company has had a presence in China for almost 28 years. Visteon China brings advanced technologies and high-quality products to vehicle manufacturers, delivering a rich, safe and convenient driving experience to end users. Visteon China serves the market through joint ventures, including 10 manufacturing facilities, four technology centers and one customer service center.
