## Visteon's China sites continue to earn industry awards

2021-01-27

Two Visteon sites in China have earned industry awards for the second-straight year, reinforcing the company's commitment to delivering innovative technologies and high-quality products to OEMs.

EXCELLENT SUPPLIER AWARD

Shanghai Visteon Automotive Electronics (SVAE) received the 2020 Excellent Supplier Award for overall supplier performance from Jiangling Motors Co. Earning the award for two consecutive years reinforces a culture of excellence and agility at SVAE's technical centers in Shanghai and Wuhan, according to Gu Feng, general manager, SVAE.

"This award from a valued customer is an honor and a mission, and it recognizes the team's commitment to quality and meeting their expectations," said Feng. "These continuous efforts, combined with the comprehensive strength of an excellent quality system, site management and product delivery, have helped to position us as Jiangling's preferred supplier."

ANNUAL INTELLIGENT CONNECTED

MARKET SHARE LEADER AWARD

Visteon China received GGAI's 2020 Annual Intelligent Connected Market Share Leader Award for technological, product and brand innovation within China's intelligent connected services chain.

"This award recognizes our role as a Tier 1 supplier of automotive electronics solutions that offer end-users a rich, networked experience for both entry-level and luxury model vehicles," said Shen Jianshu, business development director, Visteon China. "We will continue to explore solutions based on user requirements with a forward-looking vision and technology roadmap."

Visteon China serves OEM customers through 10 manufacturing facilities, a customer service center, SVAE, and three other technology centers as well as through the company's joint ventures.
