### About Repligen Corporation

Repligen Corporation (Nasdaq:RGEN) is a life sciences company focused on the development, production and commercialization of high-value consumable products used in the process of manufacturing biological drugs. Our bioprocessing products are sold to major life sciences and biopharmaceutical companies worldwide. We are the leading manufacturer of Protein A affinity ligands, a critical component of Protein A media which is used to separate and purify monoclonal antibody therapeutics. Our growth factor products are used to increase cell growth and product yield during the fermentation stage of biologic drug manufacturing. In addition, we developed and market an innovative line of "plug-and-play" chromatography columns named OPUS® (Open Platform User Specified) that we deliver to our biopharmaceutical customers pre-packed with their choice of purification media. We also provide

test kits to ensure final product safety and quality. Repligen's corporate headquarters are in Waltham, MA (USA) and our manufacturing facilities are located in Waltham, MA and Lund, Sweden.
