

NEWS RELEASE

Repligen to Report First Quarter 2017 Financial Results

2017-04-21

WALTHAM, Mass., April 21, 2017 (GLOBE NEWSWIRE) -- Repligen Corporation (NASDAQ:RGEN) today announced that the Company will report first quarter of 2017 financial results on Thursday, May 4, 2017. The Company will issue a press release before the market opens and will host a conference call at 8:30 a.m. EDT to discuss business updates and financial results for the reporting periods ended March 31, 2017.

The conference call will be accessible by dialing toll-free (844) 835-7432 for domestic callers and (404) 537-3372 for international callers. Dial-in participants must provide the passcode 11424546. In addition, a webcast will be accessible via the **Investor Relations** section of the Company's website. Both the conference call and webcast will be archived for a period of time following the live event. The replay dial-in numbers are (855) 859-2056 for domestic callers and (404) 537-3406 for international callers. Replay listeners must provide the passcode 11424546.

About Repligen Corporation

Repligen Corporation (NASDAQ:RGEN) is a bioprocessing company focused on the development, manufacture and commercialization of highly innovative products used to improve the interconnected phases of the biological drug manufacturing process. Our portfolio includes protein products (Protein A affinity ligands, cell culture growth factors), chromatography products (OPUS® pre-packed columns, chromatography resins, ELISA kits) and filtration products (XCell™ ATF Systems, TangenX™ Sius™ TFF cassettes). Our bioprocessing products are sold to major life sciences companies, biopharmaceutical development companies and contract manufacturing organizations worldwide. The Protein A ligands and growth factor products that we manufacture are components of chromatography resins and cell culture media, respectively. We are the leading manufacturer of Protein A ligands, a critical component of Protein A resins that are the industry standard for downstream separation and purification of monoclonal antibody-based therapeutics. Our growth factors are used in upstream processes to accelerate cell

growth and productivity. Our innovative line of OPUS® chromatography columns, used in downstream processes for bench-scale through clinical-scale purification needs, are delivered pre-packed with our customers' choice of resin and bed height. Our XCell™ ATF Systems, available in stainless steel and single-use configurations, continuously eliminate waste from a bioreactor to concentrate cells and increase productivity in upstream processes. Single-use Sius™ TFF cassettes and hardware are used for biologic drug concentration in downstream processes. Repligen's corporate headquarters are in Waltham, MA (USA) and our manufacturing facilities are located in Waltham, MA, Shrewsbury, MA, Lund, Sweden and Weingarten, Germany.
