

NEWS RELEASE

Repligen to Report First Quarter 2018 Financial Results

2018-04-30

WALTHAM, Mass., April 30, 2018 (GLOBE NEWSWIRE) -- Repligen Corporation (NASDAQ:RGEN) today announced that the Company will report its first quarter of 2018 financial results on Tuesday, May 8, 2018. The Company will issue a press release before the market opens and will host a conference call at 8:30 a.m. EDT to discuss business updates and financial results for the three-month reporting period ended March 31, 2018.

The conference call will be accessible by dialing toll-free (866) 777-2509 for domestic callers and (412) 317-5413 for international callers. No passcode is required for the live call. In addition, a webcast will be accessible via the **Investor Relations** section of the Company's website. Both the conference call and webcast will be archived for a period of time following the live event. The replay dial-in numbers are (877) 344-7529 for callers in the U.S., (855) 669-9658 for callers in Canada and (412) 317-0088 for international callers. Replay listeners must provide the passcode 10120055.

About Repligen Corporation

Repligen Corporation (NASDAQ:RGEN) is a global bioprocessing company that develops and commercializes highly innovative products that deliver cost and process efficiencies to biological drug manufacturers worldwide. Our portfolio includes protein products (Protein A affinity ligands, cell culture growth factors), chromatography products (OPUS® pre-packed columns, chromatography resins, ELISA kits) and filtration products (XCell™ ATF systems, TangenX™ SIUS™ flat sheet TFF cassettes, and Spectrum KrosFlo™ hollow fiber TFF cartridges and systems). The Protein A ligands and growth factor products that we produce are key components of Protein A affinity resins and cell culture media, respectively. Protein A affinity resins are the industry standard for downstream separation and purification of monoclonal antibody-based therapeutics. Growth factors are used in upstream processes to accelerate cell growth and productivity. Our innovative line of OPUS® chromatography columns, used in

downstream processes for bench-scale through clinical-scale purification needs, are delivered pre-packed and customized to our customers choice of resin and packed bed height. Our XCell™ ATF Systems, available in stainless steel and single-use configurations, continuously eliminate waste from a bioreactor to concentrate cells and significantly increase productivity in upstream processes. Single-use SIUS™ TFF cassettes and hardware are used for biologic drug concentration in downstream filtration processes. Spectrum KrosFlo™ TFF cartridges and systems are used in both upstream and downstream filtration processes. Repligen's corporate headquarters are in Waltham, MA (USA), with additional administrative and manufacturing operations at locations including Shrewsbury, MA, Rancho Dominguez, CA, Lund, Sweden and Ravensburg, Germany.
