

NEWS RELEASE

Repligen to Report First Quarter 2019 Financial Results

2019-05-02

WALTHAM, Mass., May 02, 2019 (GLOBE NEWSWIRE) -- Repligen Corporation (NASDAQ:RGEN) today announced that the Company will report its first quarter 2019 financial results on Thursday, May 9, 2019. The Company will issue a press release before the market opens and will host a conference call at 8:30 a.m. EDT to discuss business updates and financial results for the three-month reporting period ended March 31, 2019.

The conference call will be accessible by dialing toll-free (866) 777-2509 for domestic callers and (412) 317-5413 for international callers. No passcode is required for the live call. In addition, a webcast will be accessible via the **Investor Relations** section of the Company's website. Both the conference call and webcast will be archived for a period of time following the live event. The replay dial-in numbers are (877) 344-7529 for callers in the U.S., (855) 669-9658 for callers in Canada and (412) 317-0088 for international callers. Replay listeners must provide the passcode 10131193.

About Repligen Corporation

Repligen Corporation (NASDAQ:RGEN) is a global bioprocessing company that develops and commercializes highly innovative products that deliver cost and process efficiencies to biological drug manufacturers worldwide. Our portfolio includes filtration products (including XCell™ ATF, TangenX™ SIUS™ TFF and Spectrum KrosFlo™ TFF filters and systems), chromatography products (OPUS® pre-packed columns, chromatography resins, ELISA kits) and protein products (Protein A affinity ligands including NGL Impact®-A, cell culture growth factors). Our XCell™ ATF Systems, available in stainless steel and single-use configurations, are used in perfusion processes to continuously concentrate cells and increase product yield from a bioreactor. Single-use SIUS™ TFF cassettes and hardware are used for biologic drug concentration in downstream filtration processes. KrosFlo™ TFF cartridges and systems are used in both upstream and downstream filtration processes. Our innovative line of OPUS® chromatography

columns, used in bench-scale through commercial-scale biologics purification, are delivered pre-packed to our customers with their choice of affinity resin. Protein A ligands and growth factor products that we produce are essential components of Protein A affinity resins used in biologics purification, and cell culture media used to accelerate cell growth in a bioreactor. Repligen's corporate headquarters are in Waltham, MA (USA), with additional administrative and manufacturing operations in Marlborough, MA, Rancho Dominguez, CA, Lund, Sweden and Ravensburg, Germany.
