

NEWS RELEASE

Repligen to Report Second Quarter 2017 Financial Results

2017-07-27

WALTHAM, Mass., July 27, 2017 (GLOBE NEWSWIRE) -- Repligen Corporation (NASDAQ:RGEN) today announced that the Company will report second quarter of 2017 financial results on Thursday, August 3, 2017. The Company will issue a press release before the market opens and will host a conference call at 8:30 a.m. EDT to discuss business updates and financial results for the reporting periods ended June 30, 2017.

The conference call will be accessible by dialing toll-free (844) 835-7432 for domestic callers and (404) 537-3372 for international callers. Dial-in participants must provide the passcode 62585996. In addition, a webcast will be accessible via the **Investor Relations** section of the Company's website. Both the conference call and webcast will be archived for a period of time following the live event. The replay dial-in numbers are (855) 859-2056 for domestic callers and (404) 537-3406 for international callers. Replay listeners must provide the passcode 62585996.

About Repligen Corporation

Repligen Corporation (NASDAQ:RGEN) is a bioprocessing company focused on the development and commercialization of highly innovative products that deliver cost and process efficiencies to biological drug manufacturers worldwide. Our portfolio includes protein products (Protein A affinity ligands, cell culture growth factors), chromatography products (OPUS® pre-packed columns, chromatography resins, ELISA kits) and filtration products (including XCell™ ATF systems and TangenX™ Sius™ flat sheet TFF cassettes). The Protein A ligands and growth factor products that we manufacture are components of chromatography resins and cell culture media, respectively. We are the leading manufacturer of Protein A ligands, a critical component of Protein A resins that are the industry standard for downstream separation and purification of monoclonal antibody-based therapeutics. Our growth factors are used in upstream processes to accelerate cell growth and productivity. Our innovative line of

OPUS® chromatography columns, used in downstream processes for bench-scale through clinical-scale purification needs, are delivered pre-packed with our customers' choice of resin and bed height. Our XCell™ ATF Systems, available in stainless steel and single-use configurations, continuously eliminate waste from a bioreactor to concentrate cells and increase productivity in upstream processes. Single-use Sius™ TFF cassettes and hardware are used for biologic drug concentration in downstream processes. Repligen's corporate headquarters are in Waltham, MA (USA) and our manufacturing facilities are located in Waltham, MA, Shrewsbury, MA, Lund, Sweden and Weingarten, Germany.

This press release may contain forward-looking statements within the meaning of the federal securities laws. Investors are cautioned that statements in this press release which are not strictly historical statements including, without limitation, statements identified by words like "believe," "expect," "may," "will," "should," "seek," or "could" and similar expressions, constitute forward-looking statements. Such forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those anticipated, including risks discussed from time to time in our filings with the Securities and Exchange Commission. We expressly disclaim any responsibility to update any forward-looking statements, except as required by law.
