

NEWS RELEASE

Savara To Present at the H.C. Wainwright Global Life Sciences Conference in London

2019-04-02

AUSTIN, TX — April 2, 2019 — **Savara Inc.** (NASDAQ:SVRA), an orphan lung disease company, today announced that Rob Neville, Chief Executive Officer, will present at the H.C. Wainwright Global Life Sciences conference on Tuesday, April 9, 2019 at 1:50 PM GMT / 8:50 AM EST. The conference will be held at the JW Marriott Grosvenor House London.

Interested parties can access a live audio webcast on the Investors page of the Savara website at www.savarapharma.com/investors/events-presentations/. Please connect to the company's website at least 15 minutes prior to the start of the presentation to ensure sufficient time for any software download that may be required for the webcast. An archived presentation will be available on Savara's website for 30 days.

About Savara

Savara is an orphan lung disease company. Savara's pipeline comprises Molgradex, an inhaled granulocyte-macrophage colony-stimulating factor (GM-CSF) in Phase 3 development for autoimmune pulmonary alveolar proteinosis (aPAP), in Phase 2a development for nontuberculous mycobacterial (NTM) lung infection in both non-cystic fibrosis (CF) and CF-affected individuals with chronic NTM lung infection; and AeroVanc, a Phase 3-stage inhaled vancomycin for treatment of persistent methicillin-resistant *Staphylococcus aureus* (MRSA) lung infection in CF. Savara's strategy involves expanding its pipeline of potentially best-in-class products through indication expansion, strategic development partnerships and product acquisitions, with the goal of becoming a leading company in its field. The most recent acquisition is aerosolized amikacin/fosfomycin, a Phase 2-ready, proprietary combination antibiotic, which has demonstrated potent and broad-spectrum antibacterial activity against highly drug resistant pathogens. Savara's management team has significant experience in orphan drug development and pulmonary medicine, identifying unmet needs, developing and acquiring new product candidates, and effectively advancing them to approvals and commercialization.
